

# TD - Financing

## Klarna

### Klarna Payments

Please refer to this Klarna documentation on how to set up your test cases:

[Klarna Test Cases](#)

- 1 [Klarna](#)
  - 1.1 [Klarna Payments](#)
  - 1.2 [Klarna Legacy](#)
- 2 [Paysafe Pay Later](#)
- 3 [Ratepay](#)

### Klarna Legacy

Positive testing credentials (Germany):

Parameter	Value
firstname	Testperson-de
lastname	Approved
gender	male
birthday	19600707
street	Hellersbergstraße 14
zip	41460
city	Neuss
telephonenumber	01522113356

Please refer to the Klarna documentation for more test cases: <https://developers.klarna.com/kpm/test-credentials/>

### Paysafe Pay Later

Please refer to your Paysafe documentation for specific data, though any reasonable test data should do.

### Ratepay

Please refer to your Ratepay documentation for specific data, though any reasonable test data should do.

You can test your implementation of our API for Ratepay in test mode using these shop-IDs:

shop_id	profile-id	currency
88880103	PAYONE_TE_DEU	EUR
88880104	PAYONE_TE_AUT	EUR
88880105	PAYONE_TE_CH	CHF
88880133	PAYONE_TE_NL	EUR
